

Vapor Remed

Subject: Vapor Remed**From:** "Tim Jackson" <[REDACTED]@lefflerenergy.com>**Date:** Fri, 18 Nov 2005 19:04:16 -0500**To:** <sales@sarvabioremed.com>

Satya Ganti,

Sorry it has taken me so long to get back to you on the results of using your product at the Mobile Home of Marion Moyer.

I have been working for Leffler Energy for about 24 years now and have tried many products that promised to remove, cover up or eliminate oil odor. Your Product Vapor Remed is the first one to live up to the promise in every way.

I would like to thank you on the behalf of Marion Moyer and Leffler Energy for putting and end to the oil odor problems at her residence that have been an on going problem since February of this year. Leffler Energy paid 2 remediation companies to clean Mrs.. Moyers home with no success in eliminating the odors. Plus Leffler Energy had tried all the products we were using in the past.

The day after using your product Mrs.. Moyer called and said she noticed an immediate improvement.

I am so convinced that your product is the only thing to use that I will be spreading the word.

Thanks Again

Tim Jackson
