

Material Safety Data Sheet (MSDS) for BilgeRemed®

Identification: BilgeRemed®
Manufacturer: Sarva Bio Remed, LLC 870 North Broadway, Greenville, MS 38701
Contact: Satya Ganti, President & CEO
Phone: 1-877-71-SARVA
Emergency No.: 1-877-71-SARVA (1-877-717-2782)
Composition: It is an Oleophilic suspension of oil degrading bacterial consortium of marine origin.

Constituents	Concentration
Water	95%
Vegetable oil	2.5 %
Nitrogen	210 ppm
Phosphates	15.5 ppm
Sodium	6.8 ppm
pH	5.5 – 6.9
Bacterial population	5,000,000 CFU/ml

Properties: It is a 5% suspension of vegetable oil with water containing a consortium of oil degrading bacteria. It is not flammable or hazardous.

Fire fighting: Non hazardous. No special precautions required

Accidental release: During accidental spill, it is best to mop the oil and collect it in a safe container. The product may cause the floor slippery and appropriate precautions should be taken.

Handling & storage: The product should be handled with care so that the container is not damaged and the contents are not spilled.

Protection: Wear protective gloves and wash hands with soap water and an anti-bacterial solution after handling the product.

Stability & reactivity: The product is stable for 4 years from the date of manufacture if stored at 32° to 92° F in well ventilated area away from open flame.

Ecotoxicology: It is not harmful to aquatic life if spilled in marine or fresh water environment as determined by an independent laboratory following the test methods described in EPA/600/4/-90/027F. Please visit our site www.sarvabioremed.com for a detailed report.

Disposal: It can be disposed off as per local state & federal laws.

Transportation: Road, Air and Ship.

The information contained in this document is provided without any warranty, expressed or implied. Sarva Bio Remed disclaims any liability for loss or damage incurred by use of this product. For proper disposal of SpillRemed contact the appropriate local and federal agencies in your area.

Disclaimer: SpillRemed (Marine)® is on the US EPA's NCP Product Schedule. This listing does not mean that EPA approves, recommends, licenses, certifies or authorizes the use of SpillRemed (Marine)® on an oil discharge. This listing means only that data have been submitted to the US EPA as required by subpart J of the National Contingency Plan 40 CFR Section 300.915
